

**SAVE THE DATE:  
MARCH 30 – APRIL 1, 2011**

**25<sup>th</sup> CENTRAL PENNSYLVANIA  
GEOTECHNICAL CONFERENCE**

**HERSHEY, PENNSYLVANIA**

**Sponsored by:**

**ASCE, CENTRAL PA SECTION**

**Scheduled speakers include:**

- Faouzi Ahtchi-Ali, P.E. – Bechtel Corporation : *Effect of Sample Disturbance on the Over-Consolidation Ratio of Fine-Grained Soils*
- Cari R. Beenenga, P.E. – Gannett Fleming, Inc.: *Remediation of Deep Seated Abutment Movement at Nesbitt Dam*
- George Burke, P.E. – Hayward Baker, Inc.: *Risk Considerations for Geotechnical Construction*
- Douglas M. Clark, P.E. – Civil & Environmental Consultants, Inc.: *Reinforced Soil Slope Facings: Current Design Practice & Innovations*
- George Filz, P.E., Ph.D – Virginia Tech: *Column Supported Embankments*
- Jesus Gomez, P.E. – Schnabel Engineering: *History of a Landslide in Heavily Overconsolidated Clay Over an Artesian Aquifer*
- Terence P. Holman, Ph.D., P.E. – Moretrench American Corporation: *Creep Impact on Load Transfer Mechanics of Micropiles and Auger Cast Piles*
- Robert Holtz, Ph.D., P.E. – University of Washington: *Reinforced Soil Technology from Experimental to the Familiar, 2010 Terzaghi Lecture*
- Robert M. Koerner, Ph.D., P.E. – Geosynthetics Institute: *Geotextile Filter Failures: Examples and Lessons Learned*
- Danny McCook, P.E. – NRCS (retired): *Applying the Pareto (80/20) Principle to Geotechnical Analyses and Reviews*
- Michael Perlow, Jr., P.E. – Engineering Knowledge Management: *Risk Assessment Model for Municipal, Transportation, and Energy Infrastructure in Karst Areas*
- Tom Richards, P.E. – Nicholson: *Northshore Connector Project in Pittsburgh, PA*
- James M. Schmidt, P.E., D.GE., P. Eng. – Klinefelder, Inc.: *MSE Wall Engineering – A New Look at Contracting, Design, and Construction*
- Skip Watts, P.G., Ph.D. – Radford University: *LiDAR and 3D Photogrammetry for Evaluating Geologic Structure in Rock Slope Stability Analyses*
- James Withiam – D'Appolonia: *Evaluation of Bridge Abutment Settlements*
